A Day in the Life of Justin Bieber

We can only dream of what a typical day in the life of a pop star is like! Maybe it's something a little like this ... Justin gets up at nine in the morning in an expensive LA hotel to "One Time" playing on the radio! He blows some kisses to all the fans waiting outside his window. He puts some earplugs in because of all the screaming! At ten past nine he orders room service and has breakfast in bed. After breakfast he has a shower and makes his hair look perfect! Then he gets dressed.

Just before ten he checks his Facebook and Twitter and writes a post letting everyone know he's wearing his favourite colour today – blue. He comes out at ten o'clock and stops to quickly sign some fan autographs and pose for pictures. After that he jumps into the limo waiting outside the hotel. The limo takes him to his recording studio at half past ten where he sings his new song again and again until they get a perfect recording. At midday, he takes a break and has lunch. Mmmmmm, time for tacos!

At half past twelve, Bieber goes back into the studio when his iPhone rings – it's Selena Gomez! She's got a day off and wants to hit the beach. Can he make it? Sure he can! He's a pop star! He can do exactly what he likes! At one o'clock he hits his surf with Selena and makes sure to pack sunscreen and plenty of water. At three in the afternoon, he goes back to the studio and half an hour later he has a helicopter ride with his friend Usher! They fly over the Californian coastline, busting out an acoustic version of "Somebody To Love" for the lucky helicopter pilot. At half past four, they are back to Hollywood, where Biebs says goodbye to Usher. There's still plenty of sunshine in sunny LA, so it's time for a skate around the town. Justin poses for lots of fun photos with fans and later in the afternoon, he comes across a game of football in the park. He loves all kinds of sports, so he joins in! He even scores the winning goal! Afterwards he signs autographs and treats everyone some ice-cream.

It's half past six now. Hey, who's that calling? OMG, it's Beyoncé! She asks if he wants to make special appearance with her tonight at her show. Um, YES! At seven in the evening he runs back to the hotel to shower and change. He quickly tweets to let fans know about his exciting plans.
